

Assignment 2 - Read Me Doc

Kindly compile this program with “-std=c++11”

I am using chrono library to get the time elapsed to get the solution, therefore using -std=c++11 is important while compiling

The best case scenario is 5 board size, 5 queen and 5 knights with tmax as 25000 microseconds time

This is how my IDE (devcpp) compiles. Please change the file location if you plan on copying.

Command: g++.exe "D:\AI\Assign 2\MainCode.cpp" -o "D:\AI\Assign 2\MainCode.exe"

-std=c++11 -l"
